Dear Harold;

The carbons of your letters to Jim, Howard, Weisman, and Geo. Bush are very interesting and frightening to me. It seems more of a w way of life than mere stonewalling. It seems to me that your your thrust is in the right direction and Jim has to put more pressure on them if at all possible. Their's is obvmously a war of attrition. It seems to me there must be some way to get the press interested in this more so that the sex scandals, but is the same old story of what makes news and sells papers.

You sent me two copies of one letter and I am returning one of them. I hope you wern't looking for it too hard.

Two of the people I am waiting to contact are returning at the end of this month and hopefully something will come out of meeting with them.

I trust you are paying attention to your health and not overextending yourself. Any news from Roffman helping you on your research? I am encloseing a check for $250. please use it the best way you can on some of the suits or whatever.

Give my best to Lil and I hope to have somethigg cooking before long. We had the number two man in the Bureau vist the set last week. A man named Don Moore. He is Asst. Dir. in Charge of External affairs. I understand he is right under Kelly. He seemed like a real carrer type and sharp as hell.

Godd luck on everything you are doing, also give my regards to Jim.

Best always,

Paul
